B *Administrative Problems*

At the last session of the New Hampshire legislature a law was passed making it compulsory upon school districts after September 1, 1939 to "provide educational facilities for handicapped children". In order to comply with the law in this respect Pittsfield and Wolfeboro are each furnishing transportation to school for one child living less than two miles from school who is unable to walk to school because of a seriously weakened heart. Barnstead is transporting one child who has suffered from a very weak heart from birth and who is able to attend school during the forenoon session only. New Durham is paying a teacher to visit the home of one child to furnish instruction to him for two hours per week until such time as he is able to attend school. It is expected that in the state aided districts, Pittsfield, Barnstead, and New Durham, the state aid will be adjusted to take care of the necessary expense.

Whenever schools have been closed for a day because of bad weather it has always been impossible to get word to all pupils by the usual means of whistles, bells and telephone, and it still is but this year a plan has been adopted to help with the problem. No-school announcements for Pittsfield, Wolfeboro, and Alton are now given also over radio station WHIEB at Portsmouth, N. H., at intervals from 7:15 to 8 A.M. and without expense to the districts.

PART II. EDUCATIONAL POLICY

"The bulwark of a democracy is education." The happiness of the individual members of a democracy is based upon understanding. The success of a democracy is dependent upon the understanding each member has of

the objectives and the workings of that democracy. At no point in a democracy is ignorance or lack of understanding beneficial to either the individual or to the whole group. Freedom to learn the accumulated knowledge of the human race is the inalienable right of every citizen of a democracy. The children of America must learn how to search out the truth. The school must do its part in giving them this ability. It is the objective of every school in this supervisory union to make it possible for every child in attendance to share to the limits of his capacity the blessings derived from an understanding of all the facts discovered and known by the countless generations of man.

PART III. INSTRUCTION

A. *Teachers for 1939-40*

Teacher	Position	Sal- ary	Enroll- ment
Laurence W. Perkins, Prin.	Parade Grs. 5-8	\$950	13
Alberta Nelson,	Parade Grs. 1-4	825	17

Alice L. Powers,	Shackford's Corner	900	17
Ruth H. Sargent,	Beauty Hill	900	19
Elizabeth Girardet,	Musie	225	
Total present enrollment			112

The following teachers attended summer school during the summer of 1939: Elizabeth Girardet and Marjorie Libbey.

It is significant to note that (1) there were no changes in the list of teachers for last year nor for this year so far, and (2) the number of pupils in school now is

thirteen less than a year ago and eighteen less than two years ago.

Board's budget	\$12,889.00
----------------------	-------------

ESTIMATED INCOME OF DISTRICT

Balance June 30, 1940	\$200.00
State aid, December 1940	3,600.00
Dog tax	150.00
Income from trust funds	61.90
Elementary school tuition	108.00

Deduct total estimated income	\$4,119.00
-------------------------------------	------------

Assessment required to balance School Board's

budget	\$8,770.00
--------------	------------

The preparation of the budget for 1940-41 has been a very difficult task and the result of the best efforts is still filled with many uncertainties. The chief difficulties center around the problem of predicting the amount of aid received each year from the state. The policy of the State Board of Education has been to approve of two teachers for a school if the enrollment keeps above 35 pupils, and if the school has been receiving approval on two teachers and if the enrollment does not drop below 30 pupils aid will continue. When aid has once been dis-

continued on one of the two teachers because of the enrollment going below 30, it will not be given again on the second teacher as long as the enrollment stays below 35.

As has been stated in previous reports, aid on two teachers at the Parade was discontinued a few years ago but due to the fact that the maximum capacity of the larger room is only 28 it has been thought advisable to continue with two teachers. At the Center the enrollment has been well above 35 ever since the building was remodeled into a two-room building in 1929, until this fall when only 33 pupils were in attendance at the opening of school and only 29 after the two Swain and the two Hayes children moved away. At the time the budget was prepared in January it seemed very doubtful if the enrollment in this school would be any greater next year than at present so it was thought advisable to plan on having only one teacher, as either room is large enough to accommodate 30 pupils with reasonable satisfaction. Therefore, the budget was planned on the basis of the operation of both rooms at the Parade, one room at the Center, and the three other schools. Other plans might appear to a majority of the voters as more desirable. The following have been considered: (1) saving still more than with the adopted plan by moving a partition at the Parade to make one room large enough to accommodate 35 pupils, and discontinuing the other room so that five one-room schools would care for all pupils in the district; (2) closing the Shackford's Corner school, transporting those pupils to the Center and continuing the two teachers there; (3) closing all three of the one-room schools and transporting all pupils to the two two-room schools at the Parade and Center; and (4) closing the Shackford's Corner and Beauty Hill schools and continuing the Parade, Center, and South as they now are.

PART V. SCHOOL PLANT

During the past summer the necessary shingling and painting was done at South and Shackford's Corner, and in the latter building electric lights were installed last December. No other major repairs have been made since the last report.

Before school opens next fall, it is imperative that the brick chimney at the Parade school be rebuilt from the ground up.

Other repairs that should receive attention are (1) the painting of the ceilings, or ceiling if only one room is used next year, at the Parade school and (2) the painting of the wood trim in the classrooms, or classroom if only one is used, at the Center. All three of these items can be taken care of at small expense.

PART VI. CHILD ACCOUNTING AND STATISTICS

A. *Promotions to High School*

The following sixteen pupils were promoted to high school June, 1939: Marjorie Atwell, Robert Bunker, Marguerite Davis, James Eastman, Ruth Farrell, Ruth Golden, Lillian Haynes, Reinhold Knirsch, Shirley MacPherson, Dariel Smart, Leonard Smith, Richard Stock, Etta Swain, Phyllis Wheet, Elthan Whittier, and Ronello Whittier. All of these pupils entered a secondary school last fall.

B. *High School Pupils*

Forty-one tuition pupils, as compared with thirty-eight last year and thirty-three the year before, were enrolled in secondary schools last fall as follows:

Alton High School: Shirley Prescott, grade ten; Joseph Hillsgrove and Charlotte Marsal, grade eleven; and Virginia Prescott, grade twelve.

Pittsfield High School: Marjorie Atwell, Robert Bunker, Marguerite Davis, James Eastman, Ruth Golden, Lillian Haynes, Reihold Knirsch, Shirley MacPherson, William Powers, Leonard Smith, Richard Stock, Etta Swain, Phyllis Wheet, Elthan Whittier, and Ronello Whittier in grade nine. Ernest Davis, Robert French, Marion Gray, Lorraine Hanson, Lincoln Heywood, Virginia Kidder, Ralph Kristoferson, Shirley Otis, and Gertrude Swain in grade ten. Beatrice Gray, Mildred MacPherson, Betty Pitman, Arthur Stock, John Varney, and Ada Wakefield in grade eleven. Roland Bunker, Dorothy Gray, Vibua Knirsch, and Paul Tasker in grade twelve.

Of these forty-one pupils four have already left school and two have moved from the district.

Of the thirty-five now in school five are seniors. As there are now ten in the eighth grade it is likely that forty pupils will be enrolled in high schools next fall so that \$3,000.00 will be needed for tuition.

c. *Roll of Honor for Attendance*

The following thirteen pupils, as compared with sixteen in 1937-38, fifteen in 1936-37 and eleven in 1935-36, were neither absent nor tardy during the school year ending June 30, 1939: Beverly Borland, (3) Robert Bunker, (2) Joseph Cotton, Lucille Davis, Marguerite Davis, (2) William Davis, James Eastman, Lawrence Hayes, Alma Heywood, John Kidder, Roger Kidder, Donald Melvin and Etta Swain.

A figure before a pupil's name indicates the number of consecutive years he has had perfect attendance.

d. *Statistics for the Year Ending June 30, 1939*

Number of pupils registered	127
Average number of half-days schools were in session	*(349.48)
	346

Average membership	120.14
Average attendance	114.43
Aggregate number half days all pupils were in school	39,492
Per cent of attendance (94.74)	95.25
Average number of half days each pupil was in school (333.06)	329.55
Pupils not absent nor tardy	11
Per cent of pupils not absent nor tardy (8.75)	9.16
Cases of tardiness	117
Average number of tardinesses per pupil (0.90)	.97
Non-resident pupils	3
Pupils transported at district expense	15
Visits by superintendent	64
Average number of visits by superintendent per teachers	9.14
Visits by citizens	205
Visits by school board	14
Meetings of school board	11
Number of pupils promoted	107
Number not promoted	10
Per cent not promoted (5.82)	8.55

*Figures in parentheses are state averages.

A comparison of the above table with that for the previous year shows that the number of pupils in school dropped slightly from one year to the next. The other figures are not significantly different from previous Barnstead figures or current state figures.

E. *Census, September 30, 1939*

Enumeration of Resident Children

Number of resident children 5 to 16 in local schools	113
Number 5 to 16 in high schools outside the district	25

Number 5 to 16 in elementary schools outside the district	6
<hr/>	
Total number 5 to 16 in some school	144
Number 5 to 8 not in school	10
Number 8 to 14 not in school	0
Number 14 to 16 not in school	2
<hr/>	
Total number of children 5 to 16 not in some school	12
<hr/>	
Total number of resident children 5 to 16	156

This total is eight less than for the previous year and six less than for 1937.

PART VII. AUXILIARY ACTIVITIES AND SPECIAL REPORTS

A. *Report of School Health Work*

Ruth S. Langille, R. N.

A measles epidemic disrupted the school attendance in several of the schools this Fall but was not as serious as the epidemic of ear, sinus and mastoid infections which made it necessary for seven pupils to miss a great deal of the Spring term of school last year.

The crippled girl who has been under treatment for three years in a Boston Institution has had the necessary orthopedic surgery so that she is now able to walk with braces. She had a serious illness and a bad set back in the Spring but recovered and was able to be graduated with her class from the eighth grade in Boston. Her education has continued steadily there and she has been able to complete five years of school work in the three years that she has been confined to the hospital, though she was in bed a large part of the first two years. She

was able to visit relatives and friends in Barnstead last Summer and was happy to be able to get about in the town again.

The American Legion Auxiliary once again is offering to sponsor the school dental clinic and although the amount of money available makes it necessary to limit the work to \$1.00 per pupil, the parents in many cases are glad to have the remaining amount of work done at clinic rates. Last year 58% of the pupils receiving dental treatment were able to have all the necessary work completed. In the Shackford's Corner school the Parent-Teacher's Association of that district sponsored the completion of the work for those pupils so that all the pupils in the school were able to have the work done. At Beauty Hill 100% of the pupils attended the clinic but were unable to manage a 100% correction for lack of enough money to complete the work. This clinic is proving of great benefit to the pupils and the bad dental conditions noticeable in every school are gradually improving.

Six children were fitted to glasses last year,—four of them in school clinics. There were no tonsil and adenoid operations although thirty six children show the need for this to be done.

Following will be found the statistical report of the school health work done in Barnstead last year:

Visits to schools	122
Visits to homes	187
Total visits	309
Days spent	29.3
Days due	28
Pupils examined	127
Defects found	186—1.4 per pupil
Defects corrected	110—59% of defects
Without defect	69—54% of pupils

I wish to thank those who are helping so much with

their interest, influence and generosity in the school health work. The American Legion Auxiliary has made the most far seeing contribution to the health of the Barnstead children that it is possible to make. Thanks to their generosity many children will grow up with better teeth as well as good habits and attitudes towards this most necessary health measure.

b. *Surplus Commodities*

On August 29, 1939, your superintendent of schools wrote to the Federal Surplus Commodities Corporation at Washington requesting that surplus agricultural commodities be made available to the schools of this supervisory union to supplement the local hot lunch programs in the schools. As a result of the request, there have been delivered to the schools this fall and winter two lots of foods consisting of twelve bushels of apples, 1,010 oranges, thirty pounds of raisins, four cases of canned peaches, three cases of canned grapefruit juice, and thirty-five pounds of butter. Some of this food has been made available to all pupils and some is used in the preparation of, and as a supplement to, the hot lunches served to those who do not go home at noon. This service has certainly been greatly appreciated by the pupils.

c. *Transportation*

The following is a schedule of the transportation for the present year:

	Mileage one round trip	Number carried	Contract
William Black	4.6	8	\$360.00
C. K. Davis	10.4	3	427.00
